

Friday 2nd June 2023

Head Contractor: **Beltrame Civil Operations Pty Ltd**

Client: **City of Mitcham**

Project: **Mitcham and Netherby Drainage Upgrade and Road Reconstruction**

Dear Resident,

We wish to inform you that Beltrame Civil has been engaged by the City of Mitcham to undertake the drainage upgrade and road reconstruction of Smith Dorrien Street, Haig Street and Hills Street.

Prior to commencement onsite, as part of preliminary investigation works, we will be undertaking locating and investigation of existing underground services in both the road and footpath. The area of service investigation will encompass the full length of Smith Dorrien Street, Haig Street between Smith Dorrien and Torrens Street and Hill Street between Smith Dorrien and Birdwood Street.

These investigation works will commence on Monday the 5th of June and will progress over the next few weeks. Our onsite working time is between the hours of 7am and 5pm, Monday to Friday.

To undertake works safely, traffic control will be onsite at all times during service investigation works with the introduction of detours as required. Detours will be clearly signed for vehicles and pedestrians.

We aim to complete these preliminary works hastily and greatly appreciate your co-operation. We will provide updates on this project as required and should you have any queries at all, do not hesitate to contact myself or council using the details provided below.
