

Draft CC Hood Reserve 2010 Master Plan

SURVEY RESPONSE REPORT

11 February 2021 - 06 June 2022

PROJECT NAME:

Draft CC Hood Reserve 2010 Masterplan

Executive Summary

Objective

The objective of this project is to prepare a Master Plan for CC Hood Reserve (MPCCHood) and Community Land Management Plan (CLMP) for the future development of CC Hood Reserve. The plan will need to ensure the long-term aspirations of the local community and other key stakeholders are met. To facilitate this a review of the existing (2010) Masterplan for CC Hood is required.

Goals

To understand the community current and future expectations of CC Hood Reserve by:

- A review of the MPCCHood;
- Understanding the community current use of the reserve;
- Understanding what community value and their future expectations within the identified zones of the reserve.

Methodology

The following methodology has been used in the preparation of the MPCCHood engagement process:

- Internal consultation;
- Review of relevant strategic documents;
- Review of demographic profile; and,
- Development of engagement plan.

Results

The data shows an overwhelming support for the existing MPCCHood with some thematic considerations. Most notably these are:

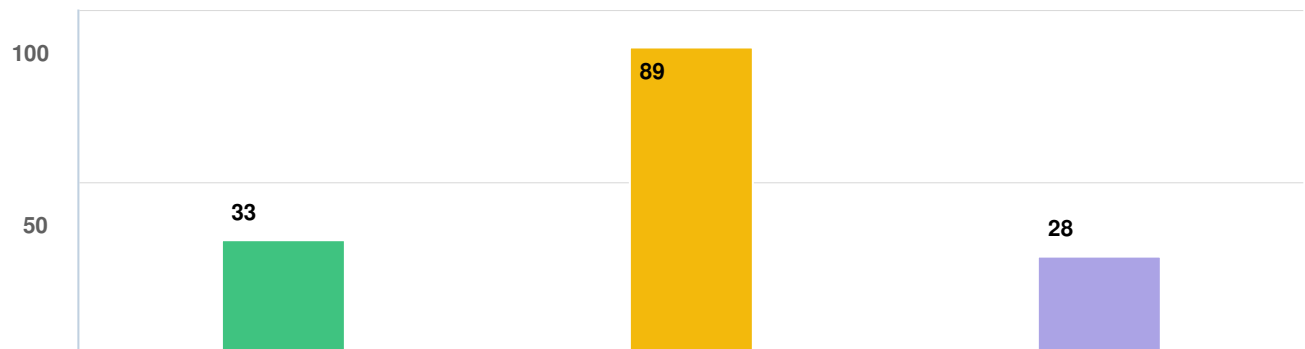

- Retain CC Hood as a multi-zonal asset (Nature, Sport and Recreation, Dog Park/Exercise, Social/Event);
- Agreement to incorporate a small dog area into existing dog park;
- Additional shade, seating, signage, lighting requirements;
- A review of parking;
- A review of paths (Disability Access and Inclusion); and,
- Enhance and maintain the natural creek area.

Q8 What do you most value about the Reserve?

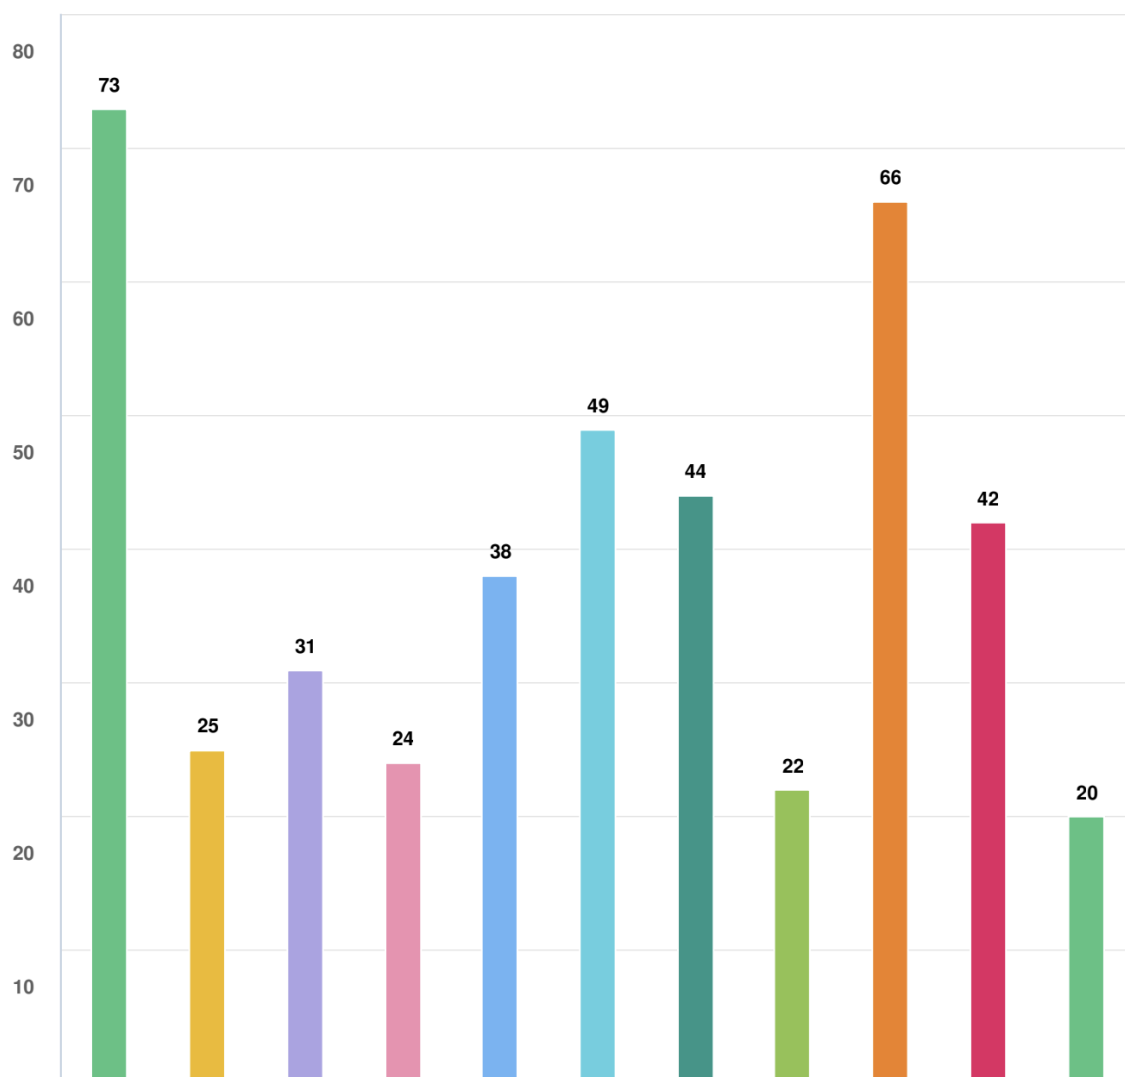

Open space and the varied natural environment was most valued by the majority of respondents and together they accounted for over 50% of responses. Exercise and use of the dog park were well represented too.

Q9 What type of improvement would you most like to add to the reserve?

Key objectives were improvements centred around the Playground with an expectation of play equipment for all ages. Dog park improvements (grass areas, less mud, small dog area) and sport equipment for all ages being highly represented. Most notably bike tracks, pump tracks, basketball/netball courts (full and half sized) featured highly.

Q14 What are your thoughts on developing a space for community events at the Reserve?
This could be a pop-up concert, a Christmas festival, a cinema in the park, for instance. Share your thoughts!

Comprehensive support for community events.

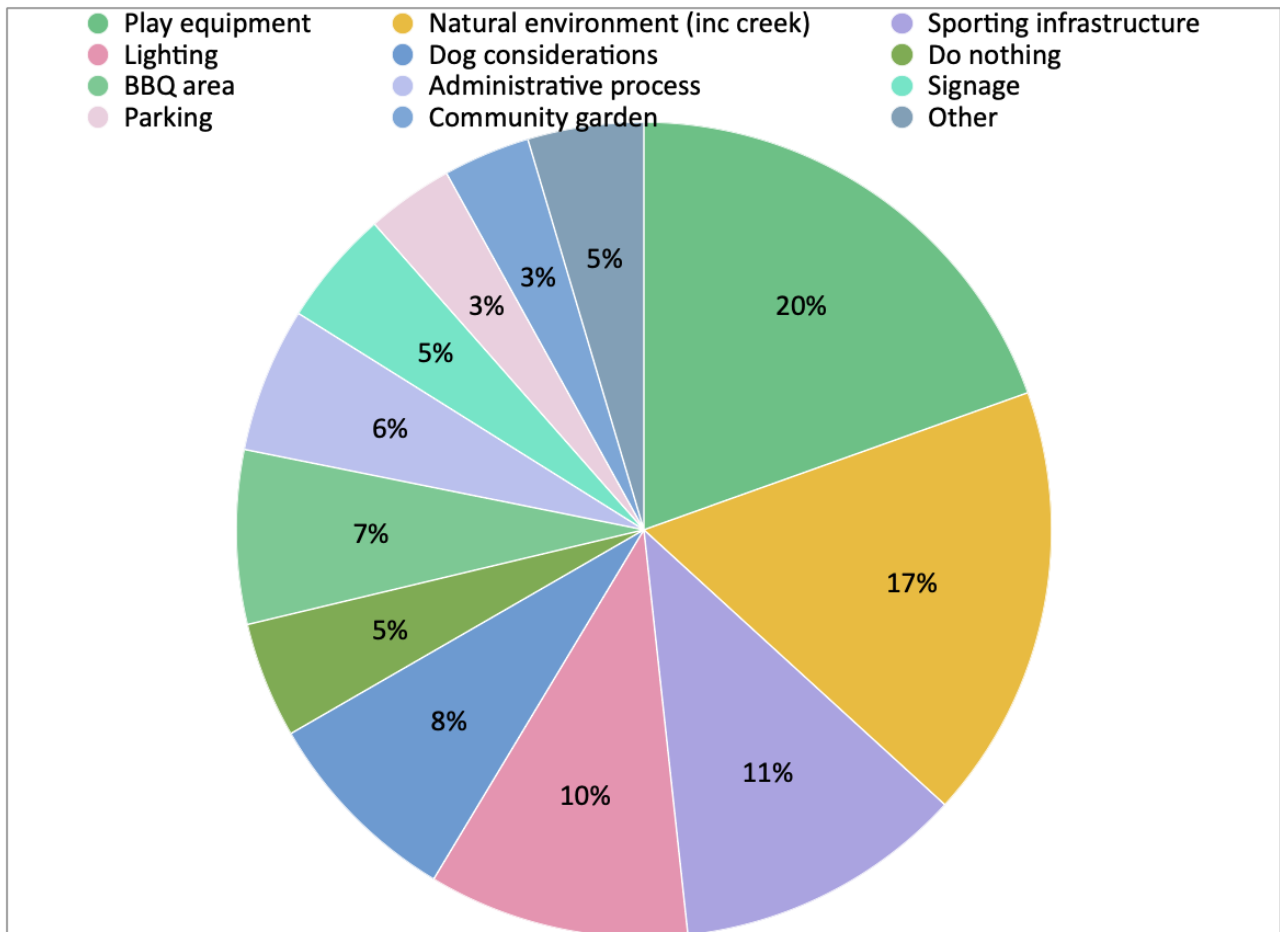

Community approval with restrictions talked to noise abatement, parking and any infrastructure being temporary in nature.

Q15 Accessibility is especially important to us. Do you have suggestions on how we could make the Reserve more inclusive?

Accessible Paths and play equipment featured highly along with consideration of placement of accessible parking for less agile members of our society.

Q16 Do you have any final thoughts about the draft masterplan? Is there anything you would like us to consider?

Very little negative feedback from the community with the continuing trend towards improvements in the Play equipment, Natural environment, Sporting equipment and safety concerns expressed as improvements required for lighting.
