

Extending and Upgrading the Stormwater Network

Description

Proposal

Construction of new/upgraded stormwater infrastructure to improve flood mitigation – prioritized in relation to upgrades associated with road renewal work, stormwater management plans and localized flooding complaints.

Community Benefits

- Cool and green our City
- Reduce flooding and pollution problems downstream
- Improve amenity

Rate Impact: 0.12%
Capital (Council): \$1,227,000
Ongoing (Council): \$73,000

Primary Theme

Theme 2.1 Climate Change Mitigation and Resilience*

Community Insight

Council takes appropriate steps to limit the impacts of emergency events (such as extreme weather events, bushfire and pandemics)
