

Mitcham Primary School,
20a Hillview Road,
KINGSWOOD SA 5062

Dear Principal,

RE: - Smith-Dorrien, Haig & Hill Street, Mitcham & Netherby – Civil Construction.

I take this opportunity to write updating you on the progress of the previously mentioned project in close proximity to your school.

Haig Street (Smith-Dorrien St to Fullarton Rd) major civil works are concluding within only minor installation of leaky well and general clean up to be completed within March 2024.

Major civil construction works will now commence in Smith-Dorrien Street (Kitchener St to Southern end) in March 2024 which is due to conclude in May 2024.

Beltrame Civil will be undertaken the majority of the civil construction works in Smith-Dorrien Street with effective traffic management control provided for safe pedestrian movements with restricted through vehicle movements.

However, on commencement of the road pavement civil works scheduled for **13 – 20 May 2024**, Stabilised Pavements of Australia in conjunction with Topcoat Asphaltting will be totally closing the road to all pedestrian and vehicle movements during this time.

Whilst I understand that this will be an inconvenience to your students and parents for this short period of time, this decision has been made to ensure public safety at all times when significant heavy construction vehicles will be operating on-site.

If you could publicize this total Smith-Dorrien Street pedestrian and vehicle movement total closure, it would be much appreciated.

Should you have any queries or seek any clarification regarding this matter, please do not hesitate in contacting me to discuss.

Yours faithfully,

Mark Swanbury
Project & Development Engineer
