

What do you see for your community space in Pasadena?

The City of Mitcham has engaged Community Centres SA who are the peak body that support all community centres around SA, to assist Council in exploring the potential for a community space in Pasadena. We are seeking feedback from you as a resident, business or service provider about your vision and possible use of a community space in the area.

All information received will help us identify the needs and expectations of our community around Pasadena. Please take a few minutes to answer our survey. Please note you will need to provide your name and address to make your submission valid noting that all responses are treated confidentially.

For more information, please contact the City of Mitcham on 8372 8888.

CONTACT DETAILS (you will need to include your name and address to make your submission valid)

Please be assured that all the information we receive will be treated confidentially and only used for planning a community space.

1. **Name**2. **Street Address**3. **Suburb**4. **Email****PART 1: YOUR COMMUNITY**

5. How connected are you?	Very often	Some of the time	Occasionally	Not at all
How often do you feel connected to others in your local community?	☐	☐	☐	☐
Have there been times over the past 12 months you've felt lonely or disconnected from those people who are important to you?	☐	☐	☐	☐
Do you have regular contact with family, friends or local acquaintances (i.e. phone calls or visiting) a couple of times a week?	☐	☐	☐	☐
Do you have any form of transport to connect to the community that you feel you can easily access when you need? (such as your own car or bike, or access to a community bus or someone else that transports you)	☐	☐	☐	☐

A Community Centre is a place where people become connected, where everyone has a sense of belonging and communities feel empowered just to be themselves. It's a place where people can meet for activities, education and/or social events and a space you can support your community by sharing your own skills and knowledge through volunteering. When members of the community work together it results in longer more meaningful connections that we can draw upon and also helps increase our resilience when things go wrong in our lives.
