

FACT SHEET

2020/21 BLACK SPOT PROGRAM

Angas Road / Sussex Terrace HAWTHORN

LOCATION INFORMATION

Intersection of Angas Road and Sussex Terrace, both roads fall under the care and control of the City of Mitcham.

Angas Road Collector Road)	4,206 vehicles per day
Sussex Terrace (Distributor Road)	5,885 vehicles per day

CRASH HISTORY

Crash history at this location for the past 5 year period (2016-2020);

- 4 x Right Angle Crashes
- All resulted in injury involving bicycles

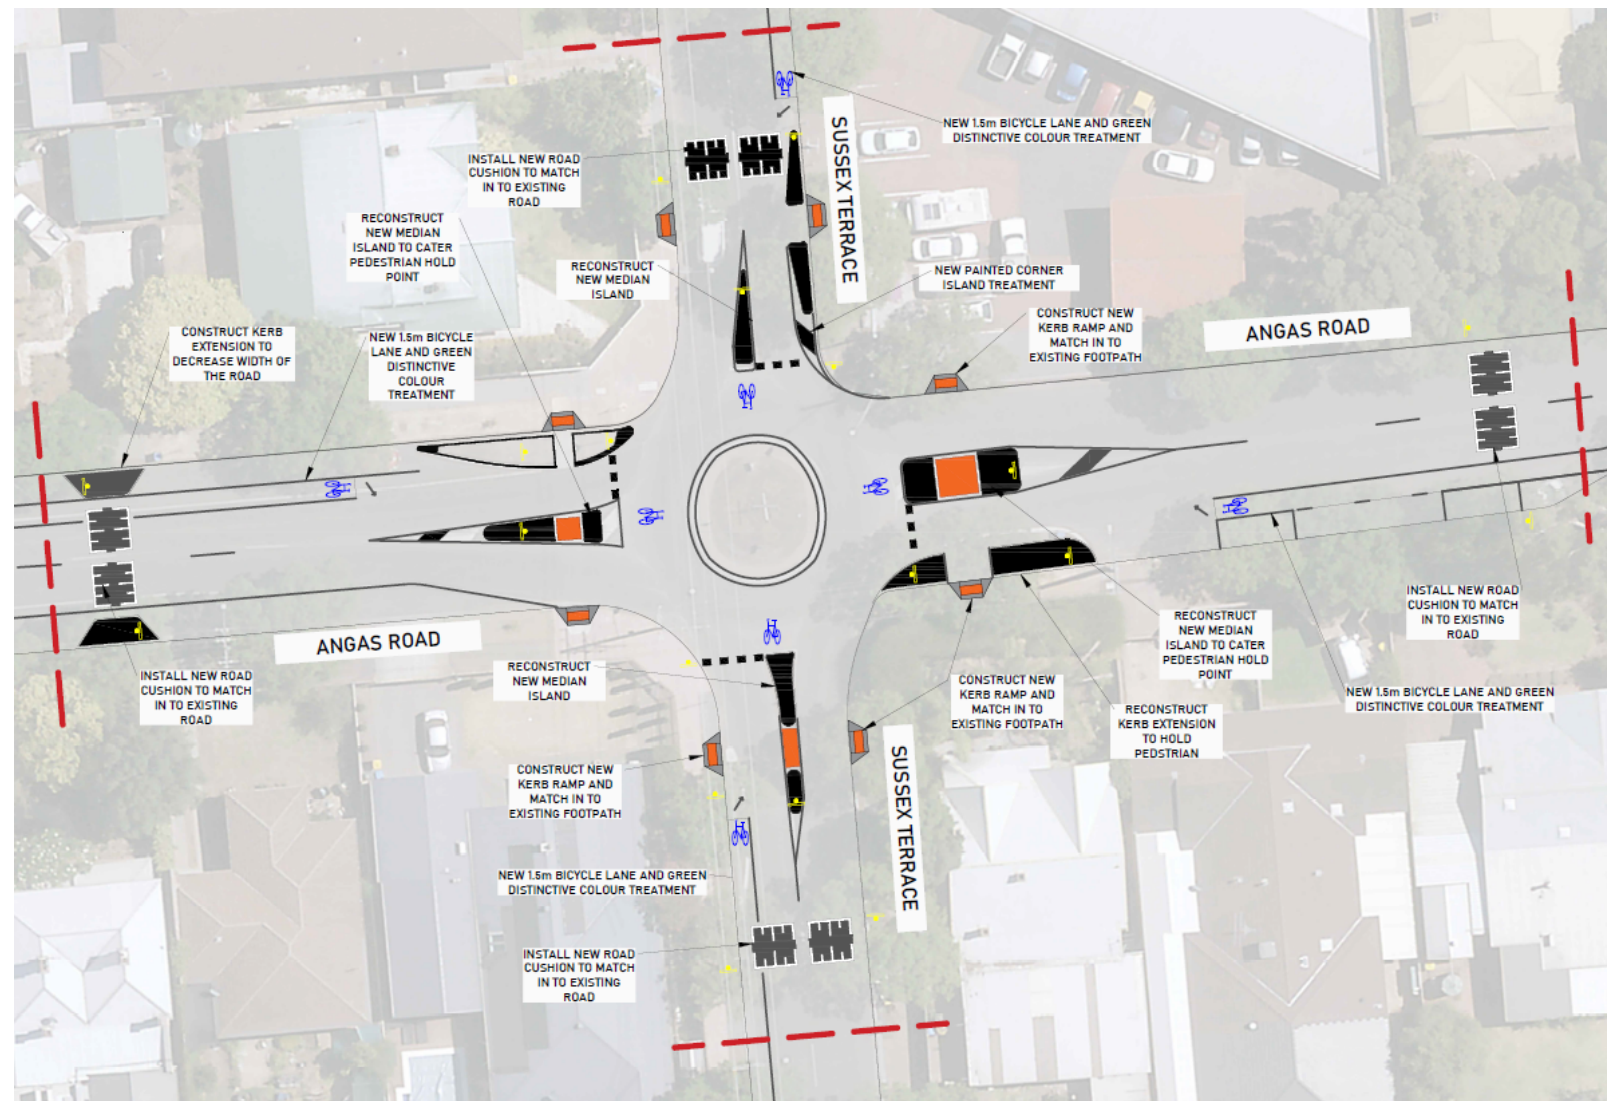

PROPOSED TREATMENTS

Installation of road cushions and improved deflection on splitter islands on all approaches to the roundabout to reduce the approach entry speed. Improved delineation for cyclists with the introduction of symbolic bicycle sharrows and green distinctive colour pavement. Improved of lighting technologies.

This project will achieve;

- ✓ 89% reduction in right angle (adjacent approach) type crashes

CONCEPTUAL DESIGN OF PROPOSED WORKS

CONSTRUCTION TO COMMENCE

Prior to the end of the 21/22 Financial Year

APPROVED FUNDING OF PROJECT

\$270,000
